It has been said, by most people, that they are a person of 'faith.'

Right away, that means that they believe in God.

The reality is, most of them may consider themselves as having Faith in Him, but their actions show that they have faith in some one/or thing, other than Him.

If your life is based on what you have experienced, or been taught down through the years, there is a good chance that your 'faith', is rooted and grounded in those things, and not in God.

The Bible tells us, **Jas 2:19 Thou believest that there is one God; thou doest well: the devils also believe, and tremble.**

So, just where exactly, is your faith???

Is it truly in Him, or in someone, or some thing else?? You may not have long to discover which!!!

What do Jesse Jackson, Bill Cosby and Min. Louis Farrakhan have in common??

Each of them were highly regarded by the black community, until they made the same mistake.

That mistake, put them on the wrong side of the Democratic party and the black community.

What each of them essentially did was criticize, or blame the Democratic party, and the black community, for their own problems.

In the late 80's, Jesse, in some sort of conference, made the statement that,' the problems in the black community, are no longer white men having their faces covered by a hood. But rather, it is a 'brother' who is a hood, that is destroying the community!!'

Bill Cosby, made the mistake of lecturing the black community on how it is raising its kids. He talked about how the young men have no respect for the women, and how the girls have no respect for themselves for dating what essentially amounts to 'thugs' who have no positive view of life, and/or themselves.

Minister Louis Farrakhan, back in 2009, at a conference attended by notables in the black community hosted by Tavis Smiley, like Jesse Jackson, Michael Eric Dyson, Cornell West, Prof. Julianne Malveaux and others, revealed the 'real reason' for the Obama presidency, and what the Democrats were actually using him for. He even explained how the Democrats were essentially printing up money 'out of thin air' to back all these programs they keep coming up with, knowing there is nothing to back this money up.

Bottom line is, go against the Democrats, and/or the black community, and you will be rejected/destroyed!!

Even though they are telling the truth!!!

What are your thoughts on this???

Most of the liberals in power, are telling us to get vaccinated, because they have got theirs.

The thing is, what they and their families getting vaccinated with, is a far more safer drug, than the rest of us are getting!!

Just a thought/theory!!!

Flipping burgers, and other minimum wage jobs, are not meant to be a means to live, or raise a family off of.

They are meant for students to have a little money to help them with necessities for school materials, and a little spending money. Or for retirees that may want a little extra spending money

Most of those complaining about a living wage, are those who supported a political party whose over taxation and regulations, destroyed the good paying jobs, and left only these jobs for those that are under-educated, or dropped out of school.

You get what you deserve!!

The more I read about what the Democrats and their supporters are doing, the more I see that they are fulfilling what the Bible says, are the signs of the soon coming Rapture of the Church!!'

And, won't a lot of them be surprised when it happens, and they are left here to face what is coming!!! They thought it[the Rapture] was a joke, and a fairy-tale. They thought they were Christians [once saved, always saved]!!! No need to repent!!!

I WARNED YOU!!!! YOU DIDN'T LISTEN!!!!

[GOD/JESUS CHRIST]

I have said it before, and I will say it again!!

THE ONE THING THAT TERRIFIES LIBERALS[DEMOCRATS AND BLACK PREACHERS], IS AN EDUCATED BLACK MAN!!!

I don't know that much about him, but, in his final days, he is doing more preaching the Truth, than what you hear from those that are supposed to be preachers in the black community.

Hello Jesse, Al, Michael and the rest!!!
