Tell tale signs are already being given that the black community has once again, fallen for the o-key-doke.

A major left-wing news source, 'Politico', has revealed what most of us on the other side have known for some time. And that is, president Biden, is really in no condition to carry out his duties for the next 4 years. The reason being, his mind is failing, and he can't remember things that he said just a couple of weeks earlier.

What this means is, the Democrats are angling for his VP to become the first black woman president!! I wonder how Hillary feels about that?? They want to be able to use her, just like they did president Obama to get us to support an agenda that will only serve to keep us in line, or as I say, on their plantation.

The fact of the matter is, YOU GOT PLAYED!!!

Let me get this straight!!

Donald Trump, is getting impeached for keeping his promises to African-Americans, improving their economic status, by a political party that wants to keep them, as its slaves!!

And they, African Americans are celebrating it???

Duhhhhh!!

Having just celebrated the birthday of Dr. Martin Luther King Jr. January 15, most blacks are showing themselves to be total hypocrites.

AND AS SUCH, NEED TO STOP CELEBRATING HIM.

The reason being, they are celebrating the election of a man, whose policies and party, trample under foot, everything MLK had a dream of, and who are behind his assassination.

And they, African Americans are celebrating it???

Duhhhhh!!

I have said it before, and I will say it again, we need to get rid of career politicians. The reason being, the majority of them get in office and start making large salaries, and they start doing and supporting things that will keep them in office. Especially those that have no meaningful job skills or business experience to make it in the ordinary world, so they jump in to government, to support themselves and their families.

This specifically holds true for Democrats. They don't know how to run a successful business, yet, they want to run the biggest business in this nation, the government.

From the Christian standpoint, Donald J. Trump has done the job, God set for him to do.

He has made the line clear between who is on the side of Righteousness, and who is not.

Before him, there were those that were fence-sitters, that essentially didn't take a stance one way or the other. They were just going along for the ride, claiming support for whomever would be in power. Not rooted in any position, and therefore, they avoided making any decisions that brought heat on them.

Consequently, they could claim to be something that they really weren't.

Trump has shown them up for what they are. For now, all can see who and what they are, which is as it should be.

This nation's problem has been, people, including politicians that refuse to take a definite stand in the battle for the survival of this nation, all for the purpose of enjoying the fruits of the sacrifices of others, who are on the battlefield.

Even Jesus says those that want to fence-sit, are going to be lumped in with His enemies in judgment .

Rev 3:15 I know thy works, that thou art neither cold nor hot: I would thou wert cold or hot.

Rev 3:16 So then because thou art lukewarm, and neither cold nor hot, I will spue thee out of my mouth.

Eccl 3:1 To every thing there is a season, and a time to every purpose under the heaven:

Eccl 3:8 a time to love, and a time to hate; a time of war, and a time of peace.

And friends, this is it!!!!

If Maxine Waters can instigate the violence that plagued this nation after this president got elected then, what goes around, comes around.

While I don't agree with the violence that took place Wednesday 01/06/2021, I do have a problem with the absolute hypocrisy of those that are screaming for Trump's head.

These are the same people that said nothing about Black Lives Matter, and Antifa terrorizing cities, destroying businesses, attacking and killing people, completely taking over some neighborhoods, attacking police and who knows what else, while mayors allowed them to do everything they wanted to do.

I suspect, with good reason and facts, that all of what transpired with the election, was planned strictly for the purpose of scaring people in to not voting for Trump, for fear of what would happen if he won!!

Remember this, part of his job is to protect this nation from enemies both outside and within our borders!! And, people have a problem with that???

Saving the lives of the mothers, rape, incest, and the unviability of the baby to live, all combined, account for less than 9 percent of all abortions.

What about the other 91 percent???

The problem with democracy is this!!

When the uneducated, morons and idiots outnumber rational thinking people, in voting, then you are going to have a big problem!!!
