During the time that I was writing this newsletter, an interesting and tragic situation occurred that goes to show the lunacy of the majority of the black community, for supporting movements like Black Lives Matter[BLM], and Antifa!!

A black 16 year old girl, Ma'Khia Bryant, was shot and killed, by a white police officer, in front of several witnesses, including a few officers.

However, in this case, there was a clear video [the officer's body-cam] of what happened, and that the officer really didn't have a choice in doing what he did.

The officer arrived on a scene where several young people were involved in a fight. As he was approaching from one direction, other officers were approaching from a different direction, he sees Ma'Khia, with a knife in her hand, getting ready to stab another black girl, so the officer shot her 4 times. This was a clear case of an officer using his weapon to save a person's life, which is one of the 2 main reasons for discharging their weapon.

And, would you believe that many of the other blacks on the scene, wanted to criticize him for firing his weapon, on a child??? Never mind the fact that he did it to save the life of another black child. I guess they wanted him to let her go on and kill the girl, then arrest her. Listen, as a former policeman myself, I don't care how young a person is, IF, they are about to seriously injure or kill someone, and you are not close enough to them to use some other means to stop them, then, I will put their lights out, permanently.

Well, BLM, gets involved, and they want to protest this killing as being a 'racist' cop, killing another innocent black person, or in this case 'child!!' This brings up the point I have been making for over a decade, as to just what is going on with this group, and its supporters. How are you going to call a white officer 'racist', if he is saving another black person's life?? In my mind, these people are showing their true colors which is, **if a white person, or police officer kills a black person, they are 'racist', and should be held accountable. But, if a black person gets killed, by another black person, then, 'that's life!!'** One BLM official even said, 'knife fights between kids, is common in the hood. **NO NEED TO CALL THE COPS!!**

I wonder how they would feel if it was one of their daughters that was on the receiving end of a stabbing, while police just let it happen???

They would most likely call the police 'racist' for letting it happen, claiming that the police want to see blacks kill each other off, so that they, 'whites' won't have to do it!!

This is why I say, leadership in the black community is a joke. And, if we are being disrespected by whites, and others, all you have to do is look at your leaders. Less than 1 percent of all blacks being killed by violence on the streets, is due to white on black. Yet, they don't give a damn about the other 99 percent. Even when it is babies being killed.

THE DEFINITION OF 'HATE SPEECH!!' ACCORDING TO LIBERALS!!

HATE speech, is generally defined as any words that one might use to stir up HATE in an individual or group, against another individual, or group.

LIBERALS, have taken it to the extremes, by saying, any words that serve to DEMEAN, another individual or group is HATE SPEECH.

This means, if a person, or group is totally wrong in their thinking, or beliefs, and you attempt to show them that, with facts, you can be accused of the dissemination of HATE speech.

In short, morons, lunatics, idiots, and every other misfit in society, can continue in their beliefs, even when those beliefs, are a detriment to them, and society.

Example: If a person continues in behaviour that prevents them from working then, that means they have to be supported by those that are working. To deny them that support, is evidence of HATE!!

The Bible even addresses this situation thusly, '**If a person chooses not to work, they should be made to starve. [2Thess. 3:10]**' This does not mean that those that are unable to work because of some injury, disease, or other factor, that was not of their own doing, should not be supported.

However, there are jobs that a lot of those people can do. And, if they balk at doing them, then, this scripture would apply to them as well.

With all of the things He did, if Jesus Christ were to come here today, and do the exact same things He did, and said back then, most of society, and preachers, would crucify Him again for using HATE SPEECH!!

According to my sources,

Daunte Wright choked a woman and robbed her at gun point. **George Floyd** forced his way into a woman's home and robbed her at gunpoint. **Jacob Blake** broke into a woman's home and raped her in her bedroom.

Every BLM martyr turns out to be a brutally violent woman-abuser.

The problem we have in this nation is, people, of all races in this nation, are getting fed up with having their freedoms trampled on, for the sake of protecting themselves and others from this pandemic.

Especially when those that are making the rules, colluded with China to bring it here for the sole purpose of getting rid of Donald Trump, and stealing the election.

And, just when there seemed to be 'daylight' ahead, when these vaccines were developed to combat it, now, here come the 'variants' which means an even longer period of insane rules, put in place by people who are failures in everything they try to do.

People are grown up enough to make decisions for themselves as to what is right and wrong for them. They don't need government treating them like they are little morons.

Democrats knew this would happen. That way they can have a good excuse to take guns away from those that are law abiding citizens, so that they can more easily take over the country!!
